

Nature Alliance Family Day Care Service

Sun Protection

POLICIES IN THIS SECTION AS REQUIRED BY:

Education and Care Services National Law (WA) Act 2012: Section 3(2)(a); 167

Education and Care Services National Regulations, 2012 – ‘Regulations’:
77(1)(a), (2)(a), (3)(a); 114; 168(2)(ii); 171.

National Quality Standards for Early Childhood Education and Care and School Age Care (2010)
Standard: 6.2 Element 2.1.1; 2.1.3; 2.2.2; 2.3.2; 3.1.1

POLICY

Family Day Care Educators will protect children from the dangerous and adverse effects of sun exposure

PROCEDURES

Family Day Care Educators, Family Day Care Assistants, regular visitors, Family Day Care Service staff members, Family Day Care Educator family members, students, and volunteers must comply with the Sun Protection Policy and role model appropriate practices when with the children in care.

Managing The Physical Environment:

1. Family Day Care Educators will consider the availability of shade when planning and implementing outdoor activities and excursions;
2. Infants less than 12 months of age will not be exposed to direct sunlight when the UV index is 3 or above.
3. Provided the UV Index is below 3 (moderate) unrestricted outdoor play may take place. If the UV Index is 3 (moderate) or above, outdoor play is allowed provided appropriate sun protection measures are undertaken by all staff, educators and children whilst outdoors.
4. Appropriate sun protection measures are defined as a broad rimmed, bucket or legionnaires hat that protects the face, neck, and crown of the head, clothing that covers as much skin as possible, SPF 30+ sun screen, maximum use of available shade and sunglasses where these are practical. The UV Index is available from the Cancer Council of WA on www.cancerwa.asn.au.

Protective Practices

1. Hats will be worn by all children when outside and those without hats will remain protected from the sun.
2. Family Day Care Educators will model sun safe practices.

3. Family Day Care Educators will request permission from the parents or family to apply sunscreen.
4. Sunscreen of SPF 30+ broad spectrum and water resistant must be applied at least 20 minutes (or as per the manufactures instructions) before commencing outdoor play.
5. Sunscreen must be reapplied every 2 hours (or as per manufacturer's instructions) or more frequently is wash or wiped off.
6. If a child presents with an allergic reaction to the sunscreen, the Family Day Care Educator will notify the parent/s or family and request that an alternative sunscreen will be supplied by the family for the child to use.
7. Sunscreen should be stored in a cool place out of the sun and discarded when past the expiry date.

Maintaining Hydration Levels:

1. Safe drinking water will be accessible to children throughout the day in both indoor and outdoor settings.

Communication With Families

1. Sun protection practices will be shared with families.
2. Educators will actively promote sun safe practices through discussion of activities undertaken with children
3. Families will be encouraged to implement the Family Day Care Educators sun protection practices when participating in any excursions or experiences delivered by the Family Care Educator.
